Navigation & Heading

Navigation will provide a simple way to reach all the areas of your site, with dropdowns for direct linking to menus to simplify navigation. Your logo will link back to the homepage.

The Heading will focus on defining An Apple a Day, with a high impact image of your choosing. Unlike the theme, this image and message will not rotate.

About Section

A simple about section will further define what you do and the story behind An Apple a Day.

Tagline & Photo

Here you may feature your tagline and another image to transition to your catering offerings.

Catering Menus

Here you can have an image based feature for each of your catering menus to link directly from the homepage. Keywords will help describe the menus. A button in this section will also link to the main catering page.

These menus can be adjusted to switch out for holiday menus when needed.

Boxed Meals will display with menus, but permanently live under Meg's Cafe.

Photo Split

Use a photo section from the theme with no content in it just to visually divide the two sections.

More Website Areas

This section will be devoted to highlighting other offerings and areas of the site including your cafe, Gift Baskets and Venues. Gift Baskets will be featured here, but live under the Catering section.

Gallery Highlight

This section will highlight your photo gallery in a highly visual way and link to the full gallery.

Subscribe Form

The subscribe form will only appear at the bottom of the homepage, and easily sign visitors up for An Apple a Day's Email newsletter.

Footer

A simple footer will include your address, phone number and social media contact.
